## BOMB-THROWING IN NEW YORK

Similarly to the Haymarket Affair. Alleged Cruelty of the Police No Excuse.

Save the fact of a premature explosion, the bomb outrage in Union Square, New York, last Saturday, was virtually a counterpart of the Haymarket tragedy of May 4, 1886. In each case there was an assemblage of the malcontents and in each case the police were sent to disperse the crowd. In the Haymarket affair the bomb-thrower aimed true and brought down his intended victims, the police. In New York the wretch with the missile timed his fuse too short and was himself a victim of the explosion. With another man whose life was the only one sacrificed. The most rigid inquiry thus far has disclosed no suggestion of a plot, and the belief is entertained that the bomb-thrower was also its maker and was a solitary malcontent seeking to wreak vengeance upon the police for their interference. Yet it is to be remembered that bomb of this character are not easily obtained. They cannot be bought in the shops and are not the sort of thing a man carries about with him on ordinary occasions. The interference is plain that Silverstein, or Cohen—the man is known by both names—went to the meeting prepared to throw the bomb, whether upon his own initiative or the inspiration of others is not known.

An attempt is made by certain leading socialists, notably Robert Hunter, who has written several books dealing with the sociological problems of today, provoked the bomb-throwing by their brutality in dispersing the people who had assembled to attend the meeting of the unemployed. It may be that the police used undue violence in scattering the thousands when the order was given. Possibly it was unwise to disperse the throng. On the other hand, it is alleged that no permit to hold the meeting had been sought by the leaders and that the gathering was therefore unlawful and required dispersal.—Washington Star.

## THE RAILROAD RATE DECISION.

Press of the Country on the Supreme Court's Recent Holdings.

It will have a far-reaching effect in curbing radical and ill-advised legislation which has so harmed the country.—Montgomery Advertiser.

Once again it has been determined that the United States is not a congeries of semi-independent powers, but a nation endowed with all the powers essential to a national existence.—Philadelphia Inquirer.

We believe the decision will have a most beneficial effect on the country, and that nothing could have happened just now that would have done more to restore confidence, and with confidence the panic will soon be a thing of the past.—Nashville American.

This is no four-to-five decision, and it ought to make it apparent to every one that in all of its constitutional functions the United States is and will remain supreme. What those functions are, in some respects, men always have and always will differ about.—Washington Post.

DeWitt's Kidney and Bladder Pills are prompt and thorough and will in a short time strengthen weakened kidneys and allay troubles arising from inflammation of the bladder. Sold by R. R. Bellamy.

"Do you think the fruit crop will be a failure this year?" "Course it will," answered Farmer Cornstossel, "if prices are high there's no fruit and if prices are low there's plenty of it. The fruit crop's always a failure!"—Washington Star.

Henry A. Grady to Oppose Congressman Thomas.

There is much interest locally in the announcement that Mr. Henry A. Grady, of Clinton, ex-State Senator from Sampson county, a lawyer of ability and a sterling democrat, will oppose Congressman C. R. Thomas in this district, in the coming campaign. He is a son of Hon. B. F. Grady, of Sampson, and will make the race with every confidence of winning, although Mr. Thomas is strongly entrenched in the favor of his constituents. Mr. Grady was in this city Thursday and told his friends that he had some very strong assurances of support from a number of the counties in the third district.—Goldsboro Headlight.

He Got What He Needed. "Nine years ago I looked as if my time had come," says Mr. C. Farthing, of Mill Creek, Ind. Ter. "I was so run down that life hung on a very slender thread. It was then my druggist recommended Electric Bitters. I bought a bottle and I got what I needed—strength. I had one foot in the grave but Electric Bitters put it back on the surf again, and I have been well ever since." Sold under guarantee at R. R. Bellamy's drug store, 50c.

"Speaker Cannon clearly displayed anger when the democrats rose in sufficient number to order the call." This must have seemed to "Uncle Joe" absolutely unpardonable in the impudent democrats.—Columbia State.

Kennedy's Laxative Cough Syrup acts promptly yet gently on the bowels, through which the cold is forced out of the system, and at the same time it allays inflammation. Sold by R. R. Bellamy.

An Insidious Danger. One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal attack. Take Foley's Kidney Remedy at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes. R. R. Bellamy.

## Republican "Wiggling."

Last fall a panic struck us—a panic right under the Dingley schedules—and this caused more talk, so much talk that even Illinois, in its republican convention the other day felt called upon to submit a few remarks on the subject, but these remarks are "wiggling." Here are two planks from the platform: "First—That the protective principle shall prevail in all the schedules; that American farmers, workmen, and producers shall be given the first call on the home market, and "Second—That no illegal or unjust combination, trust, or monopoly shall find encouragement or shelter in any of its provisions." This moves the funny man on the Washington Post to say: "The conception is not new, and has been happily enunciated by the poet in these harmonious lines. "Mother, may I go in to swim? Yes, my darling daughter. Hang your clothes on a hickory limb. But don't go near the water."

## Death Was on His Heels.

Jesse P. Norris, of Skippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared that consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was well again. I found out that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee at R. R. Bellamy's drug store, 50c and \$1.00. Trial bottle free.

It is stated that on account of the altitude of Denver that two drinks of whiskey will exhilarate a man as much as nine in any other city. Some of the delegates to the convention next July will feel mighty good if they try to take their usual amount.—New Bern Sun.

You feel the life-giving current. A gentle warmth fills the nerves and blood. It's a pleasure to take Holter's Rocky Mountain Tea. 35 cents. Tea or Tablets.

Elderly Aunt—I suppose you wondered, dear little Hans, why I left you so abruptly in the lane. I saw a man and oh, how I ran! Hans—Did you get him?—Fliegende Blätter.

Affords Perfect Security. Foley's Honey and Tar affords perfect security from pneumonia and consumption as it cures the most obstinate coughs and colds. We have never known a single instance of a cold resulting in pneumonia after Foley's Honey and Tar had been taken. R. Bellamy.

Mr. Cannon thinks posterity should look out for itself with reference to the forests, but is willing to go a little beyond strict propriety in the matter of currency legislation.—Washington Star.

## ENDORSED FAIRBANKS.

Indiana Republican Convention Nominates State Officers and Adopts Platform.

Indianapolis, Ind., April 2.—The Indiana republican state convention today adopted a platform endorsed Vice President Charles Warren Fairbanks and instructed the thirty state delegates to the national convention at Chicago to vote and work for his nomination for the presidency and closed after making the following nominations: For Governor—James E. Watson, Rushville. For Lieutenant Governor—Fremont C. Goodwine, Williamsport. For Secretary of State—Fred Sims, Frankfort. For Auditor of State—John C. Billeheimer, Washington. For Treasurer of State—Oscar Hadley, Plainfield. For Attorney General—James W. Bingham, Muncie. For Reporter of Supreme Court—G. W. Self, Corydon. For Superintendent of Public Instruction—Lawrence McTuanan, Anderson.

The contest for nomination for governor was keen and it took five ballots to decide it. Mention of President, Vice-president Fairbanks, Senators Beveridge and Hemenway and of Governor J. Frank Hanly brought from the delegates bursts of enthusiasm.

The platform includes a plank written by Vice-President Fairbanks, insisting on revision of the tariff by a session of congress to be called in November after the fall elections.

Other planks favor child labor laws, a state local option law, with the county as a unit, economy in public expenditures, especially mentioning the army and navy, a modification of the financial system, complete regulation of capitalistic combinations and the creation of a bureau of mines and mining.

## Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn boys grown back to fresh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease. In Germany—a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, I can cure all curable cases of this heretofore wasted, found in Rheumatic Blood, seem to dissolve freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

**Virginia-Carolina Fertilizers**

That Virginia-Carolina Fertilizers are far superior to any other fertilizers is proved by the experience of Mr. D. M. Griffin, D. D. S. of Plant City, Fla., who says: "I was trucking on a small scale, and decided I would try a few sacks of your fertilizer, as it was cheap and said to be good. I put it under some tomatoes by the side of some other high grade fertilizer which cost me \$15 a ton more, and in the same proportion per acre. I don't think I exaggerate in the least in saying that the yield where I used Virginia-Carolina Fertilizers was three times that of where I used the other brand of so-called high-grade fertilizer." ## ON A VISIT TO OLD HOME.

Secretary Straus Will Make Several Addresses While in Georgia.

Washington, April 2.—Secretary Straus, of the department of commerce and labor, accompanied by Mrs. Straus and the daughter Mrs. Hochstadter, left Washington this evening for Savannah, Ga., where tomorrow night the secretary will deliver an address on "our commercial age," at the celebration of the 25th anniversary of the Savannah board of trade. Governor Hoke Smith of Georgia, and other prominent people will deliver addresses. Saturday Secretary Straus will deliver an address on the occasion of the laying of the corner stone of the new Y. M. C. A. building in Savannah.

Sunday night, the secretary will go to Columbus, Ga., where he will address the board of trade on Monday. On Tuesday he will speak on the "Industrial and Educational Condition of the United States," at Columbus. Leaving Columbus on Wednesday the secretary will stop a few hours at his boyhood home, Talbotton, Ga., and thence will proceed directly to Washington, arriving here Thursday evening.

## WANT WM. J. BRYAN.

Nebraska Delegation to Populist Convention Will Bolt If Watson Is Nominated.

St. Louis, Mo., April 2.—The Nebraska delegation which is trying to procure a postponement of the populist national convention in the interest of W. J. Bryan, made no progress today and neither did the convention except as to the speeches. After the sessions were held at the conclusion of which permanent organization had not been effected, the convention adjourned till tomorrow. Admirers of Bryan will continue their efforts to have the convention postponed until after the national democratic convention meets in Denver on July 7.

The first contest came at afternoon session. A. A. M. Walling, of Nebraska, vigorously protested against manner in which members of the committee on credentials were chosen. He said no man had any right to serve on that committee or hold a seat in the convention unless he could show proper credentials. Mr. Walling averred that there were many delegates self-appointed, having no credential from any state organization. His protests were fruitless and he was voted down.

But the Nebraska delegates are determined and they say that they will bolt if the convention attempts to place a ticket in the field at this time.
